WELCOME

To the 2024 ArtiGras Fine Arts Festival

Join us for an ARTIstic Journey at Gardens North County District Park this February 17-18! We enthusiastically welcome you to the 39th Annual ArtiGras Fine Arts Festival presented by Tampa General Hospital. Gearing up for the 40th Anniversary of ArtiGras Fine Arts Festival in 2025, we wanted the 2024 theme to encapsulate the 'journey' toward 40 years, as well as the journey all artists experience. Steps, milestones, unique paths and ever-flowing creativity.

We invite you to walk the grounds and meet over 300 incredible artists that are displaying work spanning 12 different mediums - from sculpture to photography, painting to jewelry, and more. Enjoy live entertainment at The Gardens Mall Main Stage and bring the kids to the Amazon ArtiKids Zone for plenty of family-friendly activities and games. Browse the Hanley Foundation Youth Art Competition Gallery and see the amazing talent we have in our Palm Beach County students.

Be sure to stop by the Culinary Arts Pavilion, where you will find the Palm Beach North Chef Showcase back this year! This area will have a full kitchen set up provided by Kitchen Concepts & More and will showcase the creativity of cooking through live food demonstrations and tastings from our local fine-dining chefs. As always, we continue to put the health & safety of our patrons, volunteers, and artists at the forefront. We want to give a special thanks to our Health & Safety Sponsor Smith, Ball, Baez & Prather Injury Attorneys for their support. If you have any other questions about the festival, stop by the Unlimited Auto Wash Info Booth.

POSTER ARTIST

Aaron Reed

Aaron Reed is an inspirational self-taught artist from Albany, Georgia. He grew up surrounded by African American art in his family home. He discovered his artistic talent in his senior year, where he was a standout Basketball Player at Westover High School. Aaron has a passion for art and his work is full of feeling, inspiration, and texture.

Aaron's artistic style is impressionism, realism and figurative abstracts. His preferred mediums are prismacolor pencils and acrylic. Aaron gets his inspiration from the surroundings of life and well-known artists such as Thomas Kinkade, Picasso, William Tolliver, Paul Goodnight, Sidney Carter, and others. In 2005, Aaron was named the artist of the year at Valdosta State University and was among one of the youngest artist to exhibit at the ESSENCE MUSIC FESTIVAL 2005 in New Orleans as well as the NATIONAL BLACK ARTS FESTIVAL 2005 in Atlanta, Georgia. In 2008, Aaron received national recognition with a featured article in Southwest Georgia Living which set the foundation for his thriving career. In 2013, Aaron opened REED'S Custom Framing & Fine Art Gallery in Olde Town Conyers, Georgia so that he can display his artwork even while he is traveling the country.

Aaron started his company where he wants to focus on his own distribution of artwork so that he can help younger artists just like himself. Aaron currently is an award winning artist who is heavily collected among artisans and travels the country exhibiting in some of the top rated art shows in the country. His talent for art hasn't gone unnoticed in the celebrity world either, such as Angela Bassett, T-Boz from TLC, and etc.. Others adorn the walls of homes, doctors' and dentist' offices, universities and schools around the country. While a self-taught artist, Aaron is aware that there is much more to learn about art form and art history. He truly values his studies at Valdosta State University and he wants to share his love of art with others. Along the way, Aaron has met talented artists who have inspired him in his work and inspired him to perfect his artform.
